

PRO ELITE SPECIFICATIONS

BASE FEATURES

Machine Dimensions:	42" x 43" x 68"
Plate Dimensions:	38" x 28"
Machine Weight:	250 lbs (113 kg)
Weight Capacity:	1,400 lbs (636 kg)
Amperage (startup):	3.72 amps
Amperage (nominal):	3.2 amps
Fuse:	5 amps
Power Supply:	110 V AC 60 Hz
Power Rating:	<1 HP single phase
Warranty:	2 years
Materials:	Steel
Color:	Horizon blue, silver, black

TECHNOLOGY FEATURES

Exercise Surface:	Anti slip surface
Ergonomic Handles:	Comfort designed
Back Rest:	Integrated start and stop button
Folding Handles:	Low profile – easy storage
No Assembly:	Easy. No tools or labor required
VCV:	Vertical Controlled Vibration
AWT:	Air Wave Technology

PRODUCT SUPPORT

Training Manual:	Extensive quick reference guide
Exercise Posters:	Beginner, intermediate, advanced
Certification:	On-site training available

WAVE® PROelite

BENEFITS OF WAVE VIBRATION

The evolution of WAVE technology has positioned us in the fore front of vibration exercise and therapy. The wide areas of benefits that our technology provides is from strength gains in only 15 minutes a day, 3 times per week, to increased circulation, flexibility, positive benefits on bone density, and minimal stress on the joints.

Our patented self-calibration system allows consistent delivery of vibration to the user and enhances the quality and durability of the platform. Due to its many benefits, our technology has quickly gained acceptance and is now utilized by universities, professional sports teams, spa and wellness centers, and health professionals in the rehabilitation and medical fields.

WAVE[®] PROelite

The WAVE Pro Elite was developed and designed by a group of doctors, therapists and health professionals. They set out to refine the best technology on the market. By creating the smooth-action, self-calibrating system, they eliminated the “shake, rattle and roll”. The WAVE Pro Elite is capable of accommodating individuals of all sizes and fitness levels. This ranges from the older adult population to the high performance athlete.

MARKETS WE SERVE

- Medical and Rehabilitation
- Health & Wellness
- Vibration Studios
- Sports Performance Centers
- Fitness Clubs
- Weight Loss Clinics
- Spa & Beauty Centers
- Government & Military Facilities
- Active Aging Communities

WAVE TECHNOLOGY PATENT NUMBER 7,438,696

AWT - AIR WAVE TECHNOLOGY
Patented vertical calibration of the platform by the inflation of the air cushioning system to ensure comfort and consistency in vibration forces.

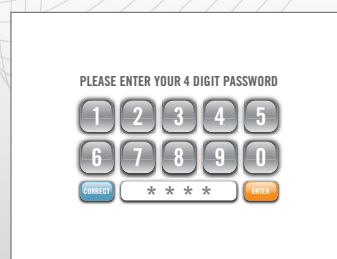

VCV - VERTICAL CONTROLLED VIBRATION
Maximizes vertical directional control for smooth vibration through uninterrupted power flow.

INTELLIGENT INTERFACE Easy to use visual interface designed to be interactive and user friendly.

Introducing Amber your very own personal trainer

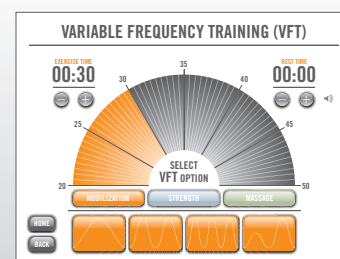

PASSWORD PROTECTION (OPTIONAL)

Allows a WAVE owner to limit access to qualified individuals only and prevent unauthorized use.

QUICK START

For experienced users to immediately begin their routines allowing them the versatility and flexibility of creating their own custom programs.

VARIABLE FREQUENCY TRAINING (VFT)

Unique program designed to continuously challenge and stimulate your muscles, preventing muscle complacency, and therefore helping you to exceed your health and fitness goals.

FEATURES OF THE WAVE PROELITE

LARGE EXERCISE SURFACE AREA

Providing the flexibility and stability to perform an unlimited number of exercise positions.

HANDLES

Ergonomically designed to accommodate all users' height and size requirements and providing exercise comfort and safety.

INTERACTIVE TOUCH SCREEN

Large, easy to read and operate, anti-glare touch screen.

SOLID STEEL CONSTRUCTION

Made of reinforced, toughened solid steel, ensuring durability and quality for high commercial environments.

REMOTE START/STOP

Convenience and safety feature for the operation of the equipment for upper body exercise positions.

FOLDING MECHANISM

No assembly required folding handlebar designed for easy transportation and maneuverability.

ANTI SLIP AND CUSHIONING SURFACE

Reinforced cushioning designed to increase stability and balance, therefore maximizing joint comfort and support.

ISOLATED VIBRATION HOUSING

Advanced engineering and construction that contains the vibration in the exercise platform and prevents dispersal to the controls and floor.

PRESET PROGRAMS

Preset programs in exercise, massage and flexibility which results in over 250 combinations allowing unlimited customized options.

VIRTUAL TRAINER

Virtual trainer designed to visually aid the exercise routine by allowing you to view the exercise through a 360 degree view.

TOUCH SCREEN SPECIFICATIONS

BASE FEATURES

Screen Size:	7" x 5.2"
Color:	32 bit color scheme
Navigation:	Touch pad technology
Password Protection:	4 digit programmable interface
Integrated Dynamic Video:	Optimized viewing angles
Audio:	Exercise tone indicator

TECHNOLOGY FEATURES

Delay:	5, 10, 15 second auto startup
Exercise Time:	1, 15 second interval increments
Rest Time:	1, 15 second interval increments
Mobilization Zone:	20-29 Hz preset range
Strength Zone:	30-45 Hz preset range
Massage Zone:	46-50 Hz preset range
Frequency:	20-50 Hz total range
Intensity:	Low and high
